DEFINITIONS

Definitions for the purpose of Article no.2.2 of the Articles of Association, following words and phrases will have meanings as specified below :-

MEO means certificate of competency as marine engineer officer of the appropriate class, issued or recognised by the Government of India, Ministry of Surface Transport or by any other Administration or Governing Council.

Responsible Position means Chief or Second Engineer Officer of a ship, Engineer Superintendent, Class Surveyor, Manager in a big shipyard, or any such position where the person has to take independent decisions on technical matters pertaining to Maritime Industry or faculty in a Maritime Education & Training Institute. Experience as Engineer on board a dredger to be also considered as a Position of Responsibility.

Senior Position means Manager or higher grade in a Shipyard or Marine Engineering related establishment, where the person has to take independent technical decisions.

Degree in Engineering : All references to engineering or degree in engineering refer to degrees in Marine, Mechanical, Electrical & Electronics Engineering and Naval Architecture Branches only. Ocean Engineering specializing in ship structure' to be considered as a branch of Naval Architecture and accepted under the definition of Degree in Engineering. Any other degree will be considered on case to case basis.

Naval Officer or Coast-Guard Officer means an officer in the marine engineering branch, holding appropriate rank.

Commander in I.N. (SEA) means a Naval Officer in this rank with Sailing Experience

Lt. Commander in I.N. (SEA) means a Naval Officer in this rank with Sailing Experience as "Senior Engineer" on a major vessel.

Experience means sea service as an engineer officer or work in a shore establishment, related to ship construction./ repairs, management or survey of ships, or any other ship related industry / activity considered suitable by Governing Council, after attaining the qualification or rank stated in the previous column. Experience should be in a department related to Marine Engineering. Service Experience on Ships would be actual period of sailing as per CDC or Service Record Book.

Shore Experience means experience in ship related organisation.

Total Experience : In case of switching from a Sailing Career to a shore based career, any experience at sea after acquiring the required qualification for eligibility to transfer to the requested grade will be taken into account to determine the total experience requirement for shore based engineers.

Every candidate for admission except a Student shall give reference of two members who know him personally. Alternatively the candidate can send their application to the branch Chairman (addresses available at website www.imare.in) along with xerox copies requisite documents.

Institute decision regarding grade of membership will be final and binding on applicant.

Any member applying for membership in any grade must ensure that all statements made in application form the true. If at later date statement is found to be false the Institute reserves the right to discontinue his / her membership and forfeit all the payments made.
