

IME(I) Organises 'Ek Ped Maa Ke Naam' Bamboo Plantation Drive on World Environment Day

Marking World Environment Day on 5th June 2026, the Institute of Marine Engineers (India) organised an **'Ek Ped Maa Ke Naam' Bamboo Plantation Drive**, reaffirming its commitment to environmental sustainability and community responsibility. Inspired by the nationwide campaign launched to encourage

citizens to plant trees in honour of their mothers, the initiative symbolises gratitude towards both mothers and Mother Nature.

The plantation drive witnessed enthusiastic participation from the entire IME(I) staff, who came together to support the green initiative

and contribute towards creating a healthier and more sustainable environment. The collective effort reflected the Institute's commitment to promoting environmentally responsible practices and fostering awareness about the importance of ecological conservation.

On the occasion, **Mr. Kaushik Seal**, President, IME(I), planted a sapling, underscoring the organisation's dedication to sustainability and the preservation of

natural resources. The event highlighted IME(I)'s belief that small yet meaningful actions can make a significant contribution towards protecting the environment for future generations. Through initiatives such as the 'Ek Ped Maa Ke Naam' campaign, IME(I) continues to encourage its members and stakeholders to adopt sustainable practices and actively participate in building a greener and more environmentally conscious society.

MASSA Maritime Academy, CHENNAI

New Courses @ CHENNAI

IGF Basic & IGF Advanced (DGS Approved)
