FAMILIARIZATION TRAINING COURSE FOR LIQUEFIED NATURAL GAS (LNG) TANKER OPERATIONS (ONLINE)

This course is designed for all seafarers (officers and ratings) who have not previously served onboard LNG Carriers as part of the regular complement. It comprises of a familiarization training programme appropriate to their duties, including Liquefied Natural Gas Tanker Safety, Fire Prevention Measures and Systems, Pollution Prevention, Operational Practice and Obligation under applicable Laws and Regulations. The Course takes full account of Section A-V/1 of the STCW Code adopted by International Convention on Standards of Training, Certification and Watch keeping for Seafarers 1978, as amended in 1995

Course Objective

Those successfully completing the course should enable the candidates to serve on LNG Carriers in a capacity other than Master, Chief Engineer Officer, Chief Officer or Second Engineer Officer and be able to operate or give support to those directly responsible for the Cargo Equipment and for Loading, Unloading and Care in Transit for Handling of cargo on Liquefied Natural Gas Tankers.

Entry Requirement/ Target Group

This course is open to experienced seafarers not necessarily served on LNG Tankers but who have completed a shore-based basic fire-fighting training course approved by the Administration, and an approved course on first aid.

100% attendance is required for successful completion of the courses.
