

Letter of Gratitude for the Education and Service provided by IME(I)

REFRESHER & UPDATING TRAINING (RUT)

January 2025

- Course objectives and training pattern, including the faculty knowledge, are extremely well.
- Course nicely compacted in 3 days. Brief handout was provided. Lecturers & staff worked outside their regular timing for us. Really thanks.
- Course is well designed to give maximum possible information required for knowledge upgradation.
- All instructors are passionate about teaching, which is not seen in other institutes.
- Very interactive. All latest amendments are covered. Videos and case studies are very useful.
- Course was carried out in a very healthy atmosphere.
- Demonstration of all the modules in the course was carried out perfectly.
- The staff and faculty are always available to support.
- It was a good experience overall. Mentioned faculty are good and impart good knowledge about new amendments and gender sensitization.
- Course module was nicely organised and conducted. Latest amendments and syllabus were covered. Overall, a fruitful course with great guidance.

December 2024

- Very clean classroom/campus. Experienced faculty. Interactive during class.
- Very experienced staff with wide experience.

November 2024

- Lighting and seating arrangements for courses and video lectures are good. All faculty and staff are supportive.
- All the arrangements are good. The best part is that all documentation is done online.

August 2024

- Teaching staff are very experienced and cooperative, making learning easy to understand.
- All faculty members are knowledgeable and cooperative, making the course interesting and informative.
- Exceptional competency of instructors. Very good knowledge sharing among candidates.
- Training is very good compared to other institutes. Faculties are very experienced and have an interesting way of teaching & keeping everyone involved. Would like to do Class – II from here only.

July 2024

- Teaching standards are very high. All topics are nicely explained and well understood. One of the few institutes providing good quality education and training.
- Highly experienced sailing staff. No dull moments in the course. Neat and clean classrooms.

ASSESSMENT, EXAMINATION AND CERTIFICATION OF SEAFARERS (AECS)

January 2025

- Very detailed knowledge and understanding. STCW convention highly appreciated, the faculty made it simple to understand.
- Discussion and handouts were perfect and up to date.
- The entire syllabus seen in e-learning was elaborately covered by a variety of lecturers.
- Course was really helpful and an eye-opener. Very experienced faculty provided valuable insights.

October 2022

The Institute of Marine Engineers (India) is an excellent institution with top-notch instructors dedicated to ensuring a bright future for seafarers by continually educating and updating their technical knowledge. Wishing the institute all the best.

July 2022

Thank you to all the faculty at IME(I) for their invaluable support and guidance during the AECS course. The fruitful interactions greatly enhanced our experience and prepared us well for assessment, examination, and certification.

August 2021

It was a great time and a valuable learning experience. IME(I) has consistently maintained high standards for all students. Thank you for uplifting us and providing excellent exposure.

MEO (NCV-CEO) BRIDGING COURSE

January 2025

- Well-structured course with clear videos and examples.
- Excellent pacing and interactive activities reinforce learning effectively.

October 2024

- We are all gets good refreshment of MEO CL I CEO (NCV) course syllabus. Specially the new amendments in Solas chapters and Marpol's regulations and also high voltage refreshments. Thanks to institute and DG.
- The course was well structured and covered all the necessary topics. I appreciated the hands-on exercise and instructor was very supportive.

September 2024

- IME(I) took a positive approach by approving the Bridging course for NCV engineers, covering all necessary areas.

MEO Cl. I (Preparatory Course)

May 2022

I was a student in the Class 1 preparatory course at IME(I) during the January/February session. I am pleased to inform you that I passed my first attempt at the MEO Class 1 (online) oral exam at MMD Mumbai in September 2020. The results were published online later that month. The surveyors remarked, "We are passing you, but keep studying and polish your knowledge."

Thank you so much for your support and guidance. During class, you once mentioned that I had the potential to clear the orals on my first attempt. This encouragement meant a lot to me and boosted my confidence. Although I became nervous and didn't answer two questions to my satisfaction, I am grateful the surveyor gave me the benefit of the doubt and trusted my incomplete answers.

I have not yet appeared for the written exam as it has been suspended since April 2020. My company is pressuring me to rejoin the ship, so I may only be able to take the written exam once I return next year.

MEO Cl. II (Preparatory Course)

April 2021

I enrolled in the Class 2 Preparatory Course at IME(I) in January 2020, completing it on June 30, 2020. Yesterday evening, I received my written exam results and am delighted to inform you that, with the blessings and support of my teachers, I passed all papers on my first attempt and successfully completed my MEO Class 2 Exam. I would like to express my sincere gratitude to: IMEI Director, Mr. M.S. Pal Course Coordinator, Mr. Rajeev Wad Their unwavering dedication, strategic planning, and ability to navigate the challenges posed by the pandemic were instrumental in our success. I also extend my heartfelt thanks to the faculty members:

Naval Architecture: Mr. Vikram Gokhale and Mr. U.C. Rath

MEP Motor General: Mr. Subramaniam Vishwanathan, Mr. Ravi Gopal Iyer, Mr. N.V. Samant, Mr. Rajiv Singh, Mr. Rajeev Malhotra, Mr. U.S. Singh, and Mr. Manteswar Kumar

Electrical: Mr. Rajeev Valunjkar

SSEP: Mr. M.S. Pal

SSEP & Ship Construction: Mr. Rajeev Wad

I am deeply grateful to all the faculty members for not only imparting knowledge but also sharing their work experiences and motivating us to become better engineers and individuals. Special thanks to Mrs. Anukampa and the office staff for their assistance with online classes, attendance, and the certification process. I attended both physical and online classes, and the online videos provided were invaluable, especially when exams were interrupted due to COVID-19. These videos allowed me to study at my own pace and review lectures multiple times, enhancing my understanding.

The flexibility of the online classes enabled me to learn at times when I was most alert, and I could revisit the material as needed, even while traveling. While many institutions offer similar preparatory courses at lower costs, the quality of education and services provided by IMEI is unparalleled. I highly recommend IMEI Mumbai to anyone seeking a top-notch preparatory course.
